
BBSC Minutes of Meeting

April 4, 2023

The meeting was attended by 11 members and no guests.

Location of the meeting was the Masonic Lodge in Alpine. The meeting was called to order at 6:15pm by president Jim Westermann. John Hollis gave the invocation.

Secretary Scott McClanahan read the March 7th minutes. Lance Johnson motioned to accept and John Hollis seconded, the motion carried.

Liz Measures read the treasurer's report. Expenses include target frame fabrication and magnetic holders for camera cables. There were 14 keys sold. 423 total keys sold.

Lance Johnson motioned to accept the treasurer's report and Brice Womack seconded. The motion carried.

Old Business

Electricity has been restored and the cameras are operational. A T-post on the Pistol #1 conex keeps the door from smashing the camera. The legal requirement for video surveillance needs to be explored. The WiFi on the high house is in the line of fire from the low house.

Phil O'Shaughnessy reported on trap and skeet. How to get more members involved in the shotgun shooting? The trap house roof needs C-purlin and metal panels for the roof plus dirt on top. Luke Hendrix is our 4H Club contact and Jim Westermann will talk to him about shotgun shooting. The low and high houses need organizing and cleaning. Debris where the shotgun conex was needs to be cleared.

The Border Patrol Marfa range is back in operation, resolving the need to use the BBSC range.

New Business

The turkey shoot is up to the students to organize the event.

Range cleanup is April 29th at 10am.

Range closures include the following:

- April 17-19 sheriff 8am to 3pm on Pistol #1
- April 29th range cleanup day
- May 8-9 sheriff 8am to 3pm on Pistol #1
- May 10 7pm to 10pm sheriff
- May 18 8am to 11am TPWD on Rifle

Kyp Angel motioned to adjourn at 6:50pm and John Hollis seconded.

Respectfully Submitted,

Scott McClanahan #270

BBSC Secretary
